

## BluPoint, trading as Hardox Wearparts Centre Perth partners with G&G Mining Fabrication and are relocating from Pinjarra to Hazelmere, Perth

Hardox Wearparts Centre Perth is pleased to announce our partnership with G&G Mining Fabrication; a company specialized in the refurbishment, manufacture and design of large fabrications for heavy earth moving equipment, with focus on buckets and service modules for the Australian mining industry.

From April 1<sup>st</sup> 2015, Hardox Wearparts Centre Perth will be relocating from its previous location in Pinjarra to 311 Stirling Crescent in Hazelmere.

“Our business has grown substantially during the last year and this is a further step to enable us to provide more services to our customers, says Joseph Olsson, General Manager at Hardox Wearparts Centre Perth.”

Utilizing the purpose built Hazelmere premises, its great proximity and working together with G&G, will enable Hardox Wearparts to offer existing and new clients further repair, rebuild and maintenance services.

Below you will find our new capabilities:

- G&G mining fabrication services
- Experienced rebuild teams
- Field service support
- Purpose built workshop with heavy lifting capabilities
- State of the art paint and blasting facilities
- Specialised toolings
- Non destructive testing capabilities
